

Introducing the Epson WorkForce AL-M400DN, equipped with network printing capabilities, blazing fast performance and a monthly duty cycle of 200,000 pages to take on the most demanding office environments. Coupled with a low total cost of ownership, optional expandability and seamless support for mobile printing, the AL-M400DN is your ideal partner for business productivity.

Print Speed

Duplex Printing

iPrint

Ethernet

Cost Effective

200,000 Pages Per Month

With up to 3 Optional Paper Cassettes

IT'S IN THE DETAILS.

Superior Performance and Reliability

Enhance office productivity and reliability with a fast print speed of 45ppm, a monthly duty cycle of 200,000 pages and fast dual core processor speed of 600Mhz.

Exceptionally Low Running Cost

High capacity toner cartridges with a page yield of 23,700 sheets that allows high volume printing at a lower cost. Automatic double-sided printing to reduce paper usage.

Efficiency that Scales with Growth

Optional RAM upgrade for greater efficiency and additional paper cassettes for uninterrupted print runs of up to 2,350 sheets.

The AL-M400DN comes with the latest printing technology from Epson that caters to and exceeds the demands of high volume business printing. Boost your productivity with its fast print speed, superb reliability and low running cost without compromising on quality.

Superior Performance and Reliability

The AL-M400N features a 600MHz dual core processor and other advanced features to improve printing efficiency and reliability. Reduce waiting time with a first page-out time of less than 5.5 seconds and a fast print speed of 45ppm. You can easily print up to 200,000 pages per month, making black-and-white document printing effortless for your business.

Exceptionally Low Running Cost

Take economical printing to a higher level with high capacity toner cartridges that allow even higher volume printing at a lower cost per page. This reduces the need to change toners frequently by delivering 23,700 pages compared to standard capacity cartridge at 12,000 pages.

3 optional cassette trays increase paper volume to 2,350 sheets

Standard Capacity Toner
Page Yield: 12,000 pages
High Capacity Toner
Page Yield: 23,700 pages

Efficiency that Scales with Growth

With our new print management features, indulge in superb efficiency that grows with your printing needs.

Users can combine several print jobs with the Print Job Arranger and customise print settings for individual print jobs simultaneously. For multi-page documents, print settings can be customised for individual pages. Examples include landscape/portrait orientation, single/double-sided, change of paper size, page layout (up to 4-up), and re-arranging pages within a print job.

Print Job Interruption feature enables users to interrupt the print queue when a print job with high emergency is processed.

As the business expands, users can add on 3 additional 550-sheet paper cassettes to accommodate a higher volume of printing of up to 2,350 sheets. To accommodate larger and more complex print jobs, upgrade printer memory up to 1152MB with the optional RAM upgrade.

Superb Security and Connectivity Features

Secure Print

Secure Printing feature prevents unauthorised access to confidential documents by holding jobs at the printer until the user enters a password. It also supports IPSEC/SSL encryption for secure printing of sensitive and confidential information while minimising the risk of information leakage. Secure printing feature available only with upgraded RAM.

Epson iPrint

Effortless workgroup printing is possible with network connectivity. Conveniently print wirelessly from Apple® iOS™ and Android™ devices with Epson iPrint when printer is connected to a Wi-Fi router.

Excellent Print Quality

AcuBrite™ Technology

Epson AcuBrite™ toners utilise highly uniform toner particle size and wax distribution for consistently impressive results. This unique printing technology gives you superb clarity with sharpness and outstandingly crisp and bold black text that lasts.

A high resolution of 1,200 dpi x 1,200 dpi together with Epson's AcuBrite™ Technology delivers sharp, realistic-looking black-and-white documents.

Advanced Amplitude Modulation (AAM) Screen

Clearer reproduction of small-sized text, detailed graphics as well as web images.

Dot Correction Technology

Improves print quality of fine lines and details in photos and documents with graphical details such as charts.

Monochrome Visibility Enhancement

An invaluable feature for better reproduction of very lightly coloured text. Depending on the setting, it can help to underline/bold/highlight sections of text for better visibility. This function can also "decorate" (box up/colour) graphs and charts to clearly differentiate segments of the chart.

Visibility (Monochrome visibility improvement) and Decorations

Space-Saving Design

The AL-M400DN is compactly designed with a small footprint to take up less space. Storage space is also reduced with toner cartridges that are much smaller than conventional toner cartridges.

Better Products for a Better Future™

Epson toner cartridges are made from recycled materials and ozone-free parts to reduce material wastage and environmental impact. The AL-M400DN offers significant energy savings for users. The new SOC12-H controller enables power saving modes that temporarily shut down the dual core systems processor when not in use, consuming only 2.80W in sleep mode and 1.02W in deep sleep mode.

PARTNERS IN PERFECTION

Epson WorkForce Pro WP-4521 Inkjet Printer

Improve your productivity with the WorkForce Pro WP-4521 networkable printer that delivers excellent quality at very low running costs.

Epson EB-1955 Projector

The Epson EB-1955 delivers reliable and outstanding performance in any environment with uncompromised image quality and convenient PC-free networking features.

MODEL NUMBER	AL-M400DN	
Printing		
Printing Technology	Laser printer	
Print Resolution	Up to 1,200 x 1,200 dpi	
Print Speed	Up to 45ppm	
First Page Out	Less than 5.5 sec (A4 simplex)	
Warm Up Time	Less than 18 sec	
Toner Save Mode	Yes	
Maximum Monthly Volume ¹	Up to 200,000 pages per month	
Controller Specifications		
Processor	Dual Core 600MHz	
Memory	Standard: 128MB, Maximum: 1152MB	
Printer Control Language Emulations	PCL, ESC/Page, ESC/PageS, ESCP2, FX, I239X, Adobe PostScript3, Adobe PDF	
Interfaces and Connectivity		
Standard Interfaces	Hi-Speed USB 2.0, Ethernet (10BASE-Te/100BASE-TX/1000BASE-T)	
Paper Handling		
Standard Paper Input	Up to 700 sheets (550 sheets Standard Paper Cassette + 150 sheets from MP Tray)	
Maximum Paper Input	Up to 2,350 sheets (550 sheets Standard Paper Cassette + 150 sheets from MP Tray + 3x 550 sheets Optional Paper Cassette)	
Paper Size	A4, A5, A6, B5, LT, HLT, LGL, GLG, GLT, EXE, F4, Monarch, DL, C6 Custom: Width: 76.2 - 215.9mm / Length: 127 - 355.6mm	
Paper Weight	60 - 216g/m ²	
Paper Type	Plain paper / Recycled paper / Semi thick paper / Thick paper / Extra thick paper / Preprinted paper / Colour paper / Letterhead / Label / Special paper	
Duplex	Standard	
Paper Output Standard / Maximum	Up to 250 sheets	
Power Requirements		
Rated Voltage / Frequency / Current	AC220V - 240V ±10% 50Hz / 60Hz ±3Hz	
Power Consumption Model		
Printing (Ave)	454W	
Ready	52W	
Sleep	2.80W	
Deep Sleep	1.02W	
Power Off	0W	
System Requirement & OS Support		
Windows	Windows XP / Vista / 7 / 8 / 8.1 Windows Server 2003 / 2008 / 2008R2 / 2012	
Mac	Mac OS X 10.5.8 or later	
Environmental Conditions		
Temperature	Operating: 5 ~ 32°C / Storage -20 ~ 40°C	
Humidity	Operating: 15 ~ 85%RH / Storage 15 ~ 85%RH	
Sound Power ²	Printing mode: 7.48B Ready mode: 5.30B	
Sound Pressure ²	Printing mode: 55.9dB Ready mode : 24.9B (Reference value)	
Consumables		
	Page Yield	Order Code
Initial Toner ³	6,200 pages	N.A.
Standard Capacity Toner Cartridge ³	12,000 pages	C13S050698
High Capacity Toner Cartridge ³	23,700 pages	C13S050697
Photoconductor Unit ⁴	100,000 pages	C13S051230
Maintenance Unit ⁵	200,000 pages	C13S053057
Options		
550-Sheet Paper Cassette	C12C802771	
128MB Additional Memory	7108435	
512MB Additional Memory	C12C822121	
1GB Additional Memory	7108437	

Dimensions & Weight

AL-M400DN
Weight: 14kg (30.9lb)

¹ The recommended average print volume estimate for optimum device performance after factoring supplies replacement intervals and device life.

² Complies with ISO-9296.

³ According to IEC/ISO 19752 yield measurements. Yield may vary depending on printing variables and conditions including toner and page coverage, continuous or intermittent.

⁴ The stated page yield is a reference only and is based upon data taken from Epson's internal testing under Best-Case-Scenario conditions. Various factors, such as intermittent print (with a few pages per job), paper size, paper direction, thick paper printing, print image ratio, frequency of shifts to power saving mode, frequent turning on and off of the power switch, will have an effect on the page yield. As such, the printable pages of consumables might decrease to half or less as a result of the printing conditions and printing environment.

⁵ Maintenance Unit consists of 1 Fuser Unit and 1 Transfer Roll Unit.
